***For Immediate Release:***

**Press Release - Cultural Landscape Report Project**

On March 18, 2016 the Planning, Community and Economic Development Department held an open house to help gather community feedback about their vision of what the Taos Plaza should look like in the future. At this meeting, staff followed up on the status of the Cultural Landscape Report (CLR) and presented some possible options and recommendations that have been in development since our last open house and round table meeting - specifically focused on restoring historical accuracy of the landscape and uses traditionally occurring on the Plaza.

In case you missed this meeting and still would like an opportunity to comment, Planning Staff is providing an additional time for public feedback. To comment on the draft options of the CLR, please visit Town Hall and the Town of Taos Planning, Community and Economic Development Department at 400 Camino de la Placitas. The Planning Department is open to walk-ins Monday, Wednesday, and Friday from 8:00 a.m. to 5:00 p.m. and available on Tuesday and Thursday by appointment.

For any other questions, feel free to contact John Miller, Senior Planner, 575-737-2670, [jmiller@taosgov.com](mailto:jmiller@taosgov.com).
