For Immediate Release:

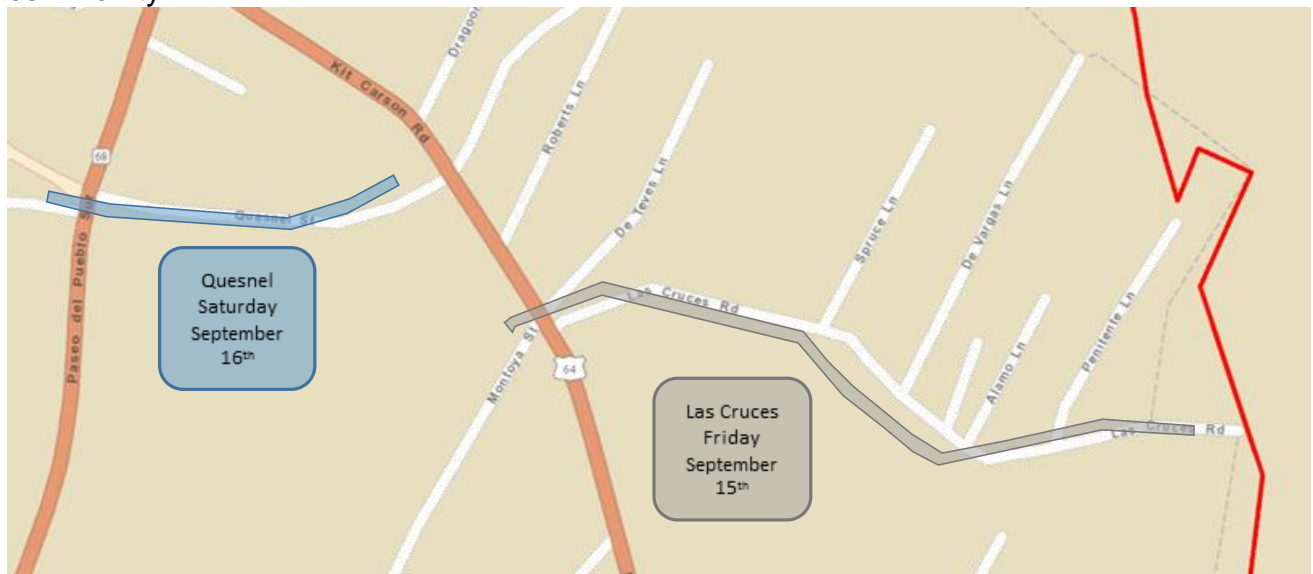

STREET RESURFACING UPDATE – LAS CRUCES AND QUESNEL

Thursday, September 14, 2017 – Taos, NM

The Town of Taos in conjunction with their contractor Cutler Repaving continues pavement rehabilitation with milling of the roadway scheduled on Las Cruces Road on Friday, September 15th and on Quesnel Lane on Saturday, September 16th. Hours of operation will be 8:30 am to approximately 4:00 pm daily (unless prohibited by weather). The roadways are expected to remain closed throughout the milling process. Please plan accordingly and use caution on milled roadways as they are a rough driving surface.

The method for rehabilitation of roadways is a unique, hot, in-place pavement recycling process which provides a new driving surface at a fraction of the cost of conventional mill and fill operations. This process is expected to take place the week of September 18th, further information will be provided as soon as it is available.

Thank you for your patience as we continue to improve the infrastructure of our community.
