TAOS GUIDED TOURS WITH LICENSED TRANSPORTATION

The following are responses to questions submitted via email.

Question: Scope of Services, #5. It states that someone should be present for two hours after the tour. Can you explain in more detail what this means? My interpretation is a guide goes to the Visitor Center one hour before the tour departs to answer questions about the tour, then the guide leaves on tour. What is the intent with having another person stay in the Visitor Center for another 2 hours? Am I understanding this?

Response: *The purpose of the two hour after departure coverage is to answer questions from visitors coming in during the afternoon after the tour departs wanting information about the trolley for the following morning tour. They want to make reservations, have questions answered, etc. This may be negotiable.*

Procurement Schedule: The RFP due date and all other information not addressed in this addendum remain unchanged.
